<b>A</b>	Chrome Powder Coat	<b>N/C</b>
<b>P</b>	625 Chrome Plated	<b>P.O.A.</b>
<b>C</b>	605 Brass Plated	<b>38.00</b>

### How To Determine Extension Rod & Adjustable Rod Length

**Extensions Rod Application:** Refer to Fig. A for Aligned Catch Plate and Door Holder  
**Adjustable Rod Application:** Refer to Fig. B for Misaligned Catch Plate and Door Holder

1. Hold door open at desired position.
2. Measure distance between door and wall.
3. Subtract below dimension indicated for door holder style

**Flush Mount:** Subtract 3" (76mm) from measured distance to determine minimum rod length.  
**Recessed Mount:** Subtract 2-3/8" (60mm) from measured distance to determine minimum rod length.  
**Surface Mount:** Subtract 4-5/8" (76mm) from measured distance to determine minimum rod length.
