

# Auto EntryControl™

Distributor Discount Code **XK**

Auto EntryControl's™ non-pivot drive and combination of belt, gear and pulley requires less torque, requires less power, absorbs more abuse, and is quieter than other automatic door openers while complying with all US and Canadian ADA requirements. On-board diagnostics simplifies troubleshooting for ease of installation and all Auto EntryControl's™ can be easily configured for surface mounted push/pull or overhead concealed applications.

- ADA Compliant
- Complies with ANSI A 156.19
- UL - Certified for use as fire door operators (3 hour rating)
- Self-Tuning, Self-Learning
- Minimum 5 seconds from close to open
- Stays open for 5 seconds
- 130 degree of opening
- Push or Pull (In door, Out swing)
- Activation: Knowing Act
- Optional Safety Device
- 24V, 1Amp+ Output
- Input Power: 1A, 100W
- Non-Handed
- Extremely Quiet Operation

ADA Compliant
