

To Whom It May Concern,

This letter serves as a formal certification that the materials and manufactured products provided by Security Door Controls (SDC) for use in federally funded infrastructure projects are in full compliance with the **Build America, Buy America Act (Pub. L. 117-58, §§ 70901–70927)**. We certify the following in accordance with the current Office of Management and Budget (OMB) guidance, including M-22-11 and M-24-02, and applicable agency-specific implementation rules:

**Domestic Content Requirement** - All covered iron, steel, construction materials, and manufactured products supplied by our company are produced in the United States. For manufactured goods, at least 55% of the total cost of components are of U.S. origin, and final assembly occurs within the United States.

**Covered Material Categories** - The materials we provide fall under one or more of the following BABA-covered categories: Iron and steel products, manufactured products, or construction materials. We affirm that these items are produced in compliance with BABA definitions and sourcing requirements.

We appreciate the opportunity to support your infrastructure project with high-quality, BABA-compliant products.

Exceptions:

- E1200, E600, E300 Excel Electromagnetic Locks
- 1575U and 1576U Gate Electromagnetic Locks

Sincerely,  
Shane Geringer  
CEO/President  
Security Door Controls
