WHAT YOU NEED TO KNOW:

Improve security with a cost-effective, stand-alone Door Prop Alarm. The SDC EA Series Door Prop Alarm/Exit Alarm can be configured to provide an audible & visual alert when the door has been held open longer than the pre-set time interval (adjustable 0-60 sec). If the door is held open past the allowed time, the integral piezo alert is sounded until the door is closed or the alarm is reset.

All SDC Door Prop Alarms feature audible sirens with adjustable timer settings, two outputs, bypass status indicator light, and vandal-resistant aluminum construction. Available to install in single gang or double gang enclosures, SDC Door Prop Alarms also offer optional Keylock and Mortise Cylinder Reset/Bypass Switches.
