

1570 Series

1200lb Holding Force EMLocks

EMLocks were the first electromagnetic locks to incorporate an interlocking quick mount design and captive mounting screws to simplify installation.

SDC EMLock®

- Interlocking quick mount assembly
- Captive lock mounting screws
- Field upgradeable without removing from frame
- Superior architectural appearance
- Adaptable to virtually any application when combined with SDC's vast offering of mounting kits and hardware

1091 / 1291 Series

Right Angle Electric Bolt Locks

Designed and patented by SDC, Spacesaver® right angle bolt locks represent a fundamental innovation in electric locking technology for access control applications.

SDC Spacesaver®

- Concealed mortise right angle design
- Stainless steel bolt
- Specification grade solenoid
- Field adjustable and bidirectional automatic relock ball switch

S5000 Series

Electrified Storefront Exit Devices

SDC's S5000 is a heavy duty, code compliant alternative to magnetic locks for storefront applications that meets the market need for a storefront exit device with electric latch retraction standard for access control compatibility.

- Factory installed motorized electric latch retraction
- Optional request-to-exit (REX) monitoring
- Grade 1 durability
- Compatible with low-energy door operators
- Aluminum glass door applications
- Rim, surface vertical and concealed vertical rod devices

55 Series

3/4" Latchbolt Electric Strikes

SDC's 55 series strikes are heavy duty, designed for installation in hollow metal frames for access control of cylindrical locksets, mortise locksets with or without deadbolts and mortise exit devices.

SDC UniFLEX™

- Interchangeable faceplate design
- Multi-application strike kits
- Heavy cast housing body and keeper with stainless steel components
- Corrosion and tamper resistant
- Horizontal alignment adjustment
- Accepts 3/4" throw latchbolts and up to 1" throw deadbolts
