FEATURED PRODUCTS

7800 Pro Series

Solenoid Controlled Mortise Locks

SDC's 7800 Pro series locksets replace existing mechanical or electrified mortise locksets for the access control of openings where code compliance, dependable operation and resistance to physical abuse is required.

SDC Selectric®

- Heavy duty mortise design
- New or retrofit construction
- Vandal resistant clutch
- Solenoid control
- Key latch retraction
- Schlage trim compatible

EP17624 Series

Explosion Proof Electromagnetic Locks

SDC's EP17624 series explosion proof electromagnetic locks are specifically designed for applications where flammable vapors are cause for concern: clean rooms, chemical plants, or refinery environments by eliminating the sparks or arc in the magnetic lock.

- Hazardous location design
- Explosion proof epoxy sealed
- Corrosion resistant
- Conduit chamber with terminal block
- Interlocking quick mount assembly
- Voltage and current spike protection
- Door position status (DPS)

S6000 Series

Electrified Architectural Exit Devices

SDC's S6000 series devices are designed for a modern look and quiet push pad operation, are panic or fire rated exit and are available in rim, SVR, or mortise configurations.

SDC Spectra™

- Electrified architectural design
- Panic or fire rated devices
- Durable stainless steel construction, corrosion resistant
- High traffic use
- Several electrified options to complement any access control application

1091 / 1291 Series

Right Angle Electric Bolt Locks

Designed and patented by SDC, Spacesaver® right angle bolt locks represent a fundamental innovation in electric locking technology for access control applications.

SDC Spacesaver®

- Concealed mortise right angle design
- Stainless steel bolt
- Specification grade solenoid
- Field adjustable and bidirectional automatic reload ball switch
