

# E300

## Electromagnetic Cabinet Locks

Eliminate keys and expand the reach of access control systems to drawers, cabinets and lockers – any critical use - where the application of a compact, specialized electromagnetic lock provides a higher level of security.

**SDC's E300 micro electromagnetic cabinet locks** provide a connected access control solution that is virtually maintenance free and has a lock status output for remote monitoring and system application needs.

The compact size allows easy installation in small cabinets or restricted areas. No special tools are required.

- Wire access chamber with terminal block
- Interlocking quick mount assembly
- Field selectable dual voltage
- Voltage and current spike protection
- Captive lock mounting screws
- Self-drilling and tapping sheet metal screws
- Bond alert status (BAS)
