

SDC S4000E Series is a Low-Profile, High Value Electrified Grade 1 Exit Device with stainless steel construction. Not all exterior doors have adequate overhang protection, exposing them to weather and corrosion. The S4000E is corrosion resistant and comes with motorized electric latch retraction and REX standard.

- Pre-Installed Electric Latch Retraction
- REX Standard for Access Control Compadability
- Stainless Steel Construction - Corrosion Resistant
- Compact Design for Commercial & Industrial Applications

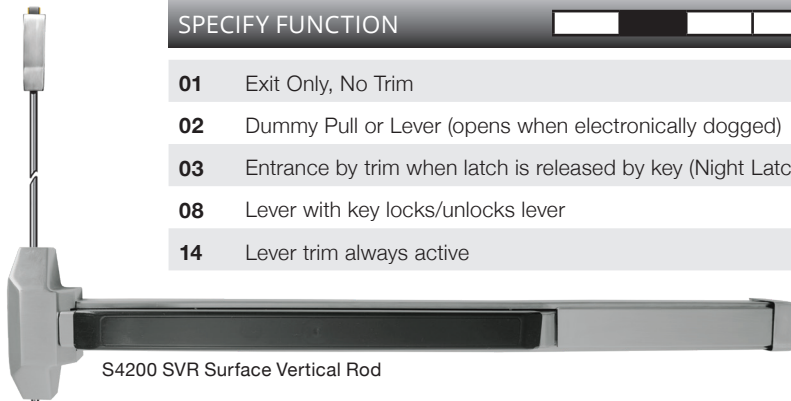

S4100 Rim Mount

S4000E SERIES EXIT DEVICE LIST

| | | |
