

SDC S4000 Series is a Low-Profile, High Value Electrified Grade 1 Exit Device with stainless steel construction. Not all exterior doors have adequate overhang protection, exposing them to weather and corrosion. The S4000 is corrosion resistant and comes with motorized electric latch retraction and REX standard.

- Pre-Installed Electric Latch Retraction
- REX Standard for Access Control Compatibility
- Stainless Steel Construction - Corrosion Resistant
- Compact Design for Commercial & Industrial Applications
